## PRIVACY POLICY

*How We Collect, Use, Share & Protect Your Personal Data*

Kainook Travel OÜ · Tallinn, Estonia

[info@kainook.com](mailto:info@kainook.com)

Effective Date: June 2026

## 1. Introduction & Who We Are

Your privacy matters to us. This Privacy Policy explains how Kainook Travel OÜ ("Kainook", "we", "us", "our"), a private limited company registered in Tallinn, Estonia, collects, uses, shares, stores, and protects your personal data when you use our platform — including our website and mobile application (collectively, the "Platform").

Kainook operates as a marketplace connecting travellers ("Guests") with accommodation providers, vehicle rental companies, and activity operators ("Providers") primarily across Africa and internationally. In doing so, we process personal data as a data controller under applicable data protection law, including the European Union General Data Protection Regulation (GDPR) and the Estonian Personal Data Protection Act.

### Our Commitment to You

- We collect only the data we genuinely need to operate the Platform.
- We never sell your personal data to third parties.
- We are transparent about how your data is used and with whom it is shared.
- We give you meaningful control over your data, including the right to access, correct, and delete it.
- We apply strong technical and organisational security measures to protect your data.

This Policy applies to all users of the Platform, including Guests, Providers, and visitors. It should be read alongside our Terms of Use.

If you do not agree with this Policy, please do not use the Platform.

## 2. Data Controller

The data controller responsible for your personal data is:

Kainook Travel OÜ  
Registered in Tallinn, Estonia  
Email: [info@kainook.com](mailto:info@kainook.com)  
Website: [www.kainook.com](http://www.kainook.com)

For any data protection enquiry or to exercise your rights, please contact us at [info@kainook.com](mailto:info@kainook.com). We aim to respond to all requests within 30 days.

## 3. What Personal Data We Collect

We collect personal data in three ways: data you provide directly, data generated through your use of the Platform, and data received from third parties.

### 3.1 Data You Provide Directly

| Category             | Examples                                                                                                   |
|----------------------|------------------------------------------------------------------------------------------------------------|
| Account Registration | Full name, email address, phone number, password (hashed), profile photo, preferred language and currency. |
| Booking Information  | Travel dates, number of guests, special requests, guest names, nationality.                                |

| Category                          | Examples                                                                                                                                                         |
|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Payment Information</b>        | Card details (processed securely via Stripe), mobile money account details (processed via Tara), billing address. Full card numbers are never stored by Kainook. |
| <b>Identity Verification</b>      | Government-issued ID (where required for certain Providers or age verification), date of birth.                                                                  |
| <b>Communications</b>             | Messages exchanged via in-app messaging between Guests and Providers, support tickets, feedback, reviews and ratings.                                            |
| <b>Provider Onboarding</b>        | Business name, registration number, address, banking details for payouts, listing information (descriptions, photos, pricing, availability).                     |
| <b>Preferences &amp; Settings</b> | Notification preferences, saved searches, wishlist/favourites, loyalty programme (AfriPoints) activity.                                                          |

## 3.2 Data Generated Automatically

When you use the Platform, we automatically collect certain technical and behavioural data:

- Device and browser information (device type, operating system, browser type, screen resolution).
- IP address and approximate geolocation (country/city level, not precise GPS unless explicitly granted).
- Usage data (pages visited, search queries, filters applied, listings viewed, time spent on pages).
- Booking funnel data (steps completed, drop-off points, booking reference, confirmation status).
- Session identifiers, cookies and similar tracking technologies (see Section 10 on Cookies).
- App performance data and crash reports.

### 3.2a Data You Give Us About Others

When making a booking that includes other travellers — for example, booking accommodation for a family member, colleague, or group — you may provide us with personal data about those individuals. This may include their names, dates of birth, nationality, dietary or accessibility preferences, or identification information required for check-in. You are responsible for ensuring those individuals are aware their data will be shared with Kainook and that they have accepted this Privacy Policy before you provide their information to us.

## 3.3 Data We Receive from Third Parties

- Payment processors (Stripe, Tara): transaction status, fraud signals, payment method verification results.
- Social login providers (Google, Apple, Facebook — if you choose to sign in via these): name, email address, profile picture, unique identifier.
- Channel managers and OTAs (Airbnb, Booking.com): availability and reservation data synced via iCal integration (Providers only).
- Identity verification services: verification status and risk flags (where applicable).
- Analytics and advertising partners: aggregated behavioural data to improve the Platform.

## 4. Legal Basis for Processing (GDPR)

For users in the European Economic Area (EEA) and where the GDPR applies, we rely on the following legal bases to process your personal data:

| Processing Activity                                      | Legal Basis                        | Details                                                             |
|----------------------------------------------------------|------------------------------------|---------------------------------------------------------------------|
| Account creation and management                          | Contract (Art. 6(1)(b))            | Necessary to provide you with a user account.                       |
| Processing bookings and payments                         | Contract (Art. 6(1)(b))            | Necessary to execute the booking you requested.                     |
| Fraud prevention and security                            | Legitimate interest (Art. 6(1)(f)) | Protecting users, Providers, and the Platform from fraud and abuse. |
| Sending booking confirmations and service communications | Contract (Art. 6(1)(b))            | Necessary for providing the service.                                |
| Customer support                                         | Contract / Legitimate interest     | Resolving your queries and improving service quality.               |
| Marketing emails and push notifications                  | Consent (Art. 6(1)(a))             | Only where you have opted in. Withdraw at any time.                 |
| Analytics and Platform improvement                       | Legitimate interest (Art. 6(1)(f)) | Understanding usage patterns to improve the Platform.               |
| Legal compliance (tax, anti-money laundering)            | Legal obligation (Art. 6(1)(c))    | Compliance with applicable Estonian and EU law.                     |
| Reviews and ratings                                      | Legitimate interest (Art. 6(1)(f)) | Maintaining Platform quality and transparency.                      |
| AfriPoints loyalty programme                             | Contract (Art. 6(1)(b))            | Administering rewards for qualifying bookings.                      |

Where we rely on legitimate interests, we have assessed that our interests are not overridden by your rights and interests. You may object to processing based on legitimate interests at any time (see Section 9).

## 5. How We Use Your Personal Data

### 5.1 To Provide and Operate the Platform

- Create and manage your user account.
- Process and confirm bookings between Guests and Providers.
- Facilitate payment collection and Provider payouts (within 24 hours of Guest check-in).
- Send booking confirmations, vouchers, receipts, and itinerary updates.
- Enable in-app messaging between Guests and Providers.
- Administer the AfriPoints loyalty programme and reward eligible bookings.

### 5.2 To Ensure Safety, Security & Trust

- Verify user identity and prevent fraudulent or abusive activity.
- Monitor messaging for prohibited content (e.g., contact details shared to circumvent the Platform).

- Detect and investigate suspicious transactions or policy violations.
- Enforce our Terms of Use and take action against users or Providers who breach them.
- Maintain review integrity and investigate reported fake or malicious reviews.

### 5.3 To Improve and Personalise the Platform

- Analyse usage patterns to improve search, recommendations, and booking flows.
- Personalise search results, listing recommendations, and promotional content based on your preferences and history.
- Conduct A/B testing and product research to improve Platform features.
- Train internal models (non-identifiable, aggregated data only) to improve fraud detection and recommendations.

### 5.4 To Communicate with You

- Send transactional communications: booking confirmations, cancellation notices, payment receipts, check-in reminders.
- Send service-related notifications: policy updates, security alerts, account notices.
- Send marketing communications (with your consent): personalised travel recommendations, promotional offers, AfriPoints updates. You may unsubscribe at any time.

### 5.5 For Market Research & Service Improvement

- Invite Guests and Providers to voluntarily participate in surveys, feedback programmes, and market research initiatives.
- Analyse aggregated and anonymised booking and search data to understand travel demand trends and improve destination coverage across Africa.
- Conduct A/B tests and usability experiments to evaluate Platform features and performance improvements.

Any invitation to participate in market research will clearly describe what personal data is collected and how it will be used. Participation is always voluntary.

### 5.6 To Display Relevant Pricing

When displaying search results and pricing, we may use data such as your approximate location (derived from your IP address), device type, currency preference, and prior searches to display pricing in your local currency and the most relevant rates for your market. This reflects currency localisation and market availability — not individualised or discriminatory pricing targeting you personally.

### 5.7 To Comply with Legal Obligations

- Retain transaction records as required by Estonian tax law and applicable financial regulations.
- Respond to lawful requests from law enforcement or regulatory authorities.
- Comply with anti-money laundering (AML) and know-your-customer (KYC) requirements where applicable.

## 6. How We Share Your Personal Data

### We Do Not Sell Your Data

Kainook does not sell, rent, or trade your personal data to third parties for their own commercial purposes. Period.

We share your data only in the following circumstances:

### 6.1 With Providers (to Fulfil Your Booking)

When you make a booking, we share the information necessary for the Provider to deliver the service. This includes:

- Guest name, booking reference, travel dates, number of guests, special requests.
- Contact information (email address, phone number) — shared only after booking confirmation.
- Payment status confirmation (not full card details).

Providers are required to handle your data solely for the purpose of delivering the booked service and in compliance with applicable data protection law. They may not use your data for their own marketing purposes without your separate consent.

### 6.2 With Payment Processors

- Stripe (international card payments): processes card transactions securely. Stripe is a certified PCI DSS Level 1 service provider. Stripe's Privacy Policy applies to data shared with Stripe.
- Tara (African mobile money): processes mobile money transactions. Tara's own privacy practices apply to data shared with Tara.

Kainook does not store full card numbers. Payment data is tokenised and handled entirely by our payment processors.

### 6.3 With Service Providers & Technology Partners

We share data with carefully selected third-party service providers who assist us in operating the Platform:

| Service Provider Type                        | Purpose                                                                                            |
|----------------------------------------------|----------------------------------------------------------------------------------------------------|
| Cloud hosting & infrastructure               | Storing Platform data and serving the application (servers located within the EEA where possible). |
| Analytics providers                          | Understanding Platform usage and performance (data anonymised or pseudonymised where possible).    |
| Email & push notification providers          | Delivering transactional and marketing communications.                                             |
| Identity verification services               | Verifying user identity and preventing fraud.                                                      |
| Customer support tools                       | Managing support tickets and Guest communications.                                                 |
| Mapping & geolocation (Google Geocoding API) | Displaying property and pickup locations accurately.                                               |
| Channel manager integrations                 | Syncing Provider availability with Airbnb and Booking.com via iCal.                                |

All third-party processors are bound by data processing agreements requiring them to handle your data securely, lawfully, and only for the purposes specified.

## 6.4 With Other Users (Public Information)

Certain information is visible to other Platform users by design:

- Guest reviews and ratings (attributed to your display name, not your full name or email).
- Provider listing information, response rates, and review scores.

We do not display your full name, contact details, or payment information publicly.

## 6.5 For Legal Reasons

We may disclose your personal data if we believe in good faith that disclosure is necessary to:

- Comply with a legal obligation, court order, or regulatory requirement.
- Protect the rights, property, or safety of Kainook, our users, or the public.
- Detect, prevent, or address fraud, security, or technical issues.

## 6.6 In a Business Transfer

If Kainook is involved in a merger, acquisition, financing, or sale of all or part of its business, your personal data may be transferred as part of that transaction. We will notify affected users and ensure continuity of data protection standards.

## 7. International Data Transfers

Kainook is headquartered in Estonia (EU). Because we operate across Africa and internationally, your personal data may be transferred to and processed in countries outside the European Economic Area (EEA), including countries where data protection laws may differ from those in the EU.

When we transfer personal data outside the EEA, we ensure appropriate safeguards are in place, including:

- Adequacy decisions by the European Commission (where the destination country has been recognised as providing adequate protection).
- Standard Contractual Clauses (SCCs) approved by the European Commission, incorporated into our agreements with third-party processors in non-adequate countries.
- Binding Corporate Rules (BCRs) where applicable.

For transfers to Provider partners in Africa and other non-EEA territories, we include data protection obligations in our Provider agreements to ensure your data is handled appropriately.

You may request a copy of the safeguards applicable to any specific transfer by contacting [info@kainook.com](mailto:info@kainook.com).

## 8. How Long We Keep Your Data

We retain personal data only for as long as necessary for the purposes set out in this Policy, or as required by law. Our general retention principles are:

| Data Category                                      | Retention Period                                                                                                                           |
|----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Account data</b>                                | For the duration of your account, plus 3 years after account closure (to resolve post-closure disputes and comply with legal obligations). |
| <b>Booking and transaction records</b>             | 7 years from the date of the transaction (required under Estonian accounting and tax law).                                                 |
| <b>Payment data</b>                                | As required by payment processor regulations; card data is never stored by Kainook beyond the transaction.                                 |
| <b>Communications &amp; support tickets</b>        | 3 years from the date of the last interaction.                                                                                             |
| <b>Reviews and ratings</b>                         | Retained while the listing is active; may be anonymised or deleted upon request if no longer needed.                                       |
| <b>Marketing preferences &amp; consent records</b> | Until you withdraw consent, plus 3 years thereafter for compliance purposes.                                                               |
| <b>Fraud and security logs</b>                     | Up to 5 years to detect and prevent recurrent fraud.                                                                                       |
| <b>Legal hold data</b>                             | For the duration of any ongoing legal proceeding or regulatory investigation.                                                              |

When data is no longer needed, it is securely deleted or anonymised so that it can no longer be linked to you.

## 9. Your Data Protection Rights

Depending on your location and the applicable law, you have the following rights regarding your personal data. These rights apply to all users; additional rights may apply to users in the EEA under the GDPR.

| Right                                             | What It Means                                                                                                                                                                                            |
|---------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Right of Access</b>                            | You can request a copy of the personal data we hold about you, along with information about how it is used.                                                                                              |
| <b>Right to Rectification</b>                     | You can ask us to correct inaccurate or incomplete personal data.                                                                                                                                        |
| <b>Right to Erasure ("Right to be Forgotten")</b> | You can ask us to delete your personal data where it is no longer necessary, where you withdraw consent, or where processing is unlawful. Certain data may be retained where we have a legal obligation. |
| <b>Right to Restriction of Processing</b>         | You can ask us to temporarily stop processing your data while a dispute is resolved or while we verify an accuracy challenge.                                                                            |
| <b>Right to Data Portability</b>                  | You can request your data in a structured, commonly used, machine-readable format (e.g., JSON or CSV) to transfer to another service.                                                                    |
| <b>Right to Object</b>                            | You can object to processing based on legitimate interests or for direct marketing purposes. We will stop unless we have compelling legitimate grounds.                                                  |
| <b>Right to Withdraw Consent</b>                  | Where processing is based on your consent (e.g., marketing emails), you may withdraw consent at any time without affecting the lawfulness of prior processing.                                           |
| <b>Right to Lodge a Complaint</b>                 | You have the right to lodge a complaint with the Estonian Data Protection Inspectorate (Andmekaitse Inspektsioon) or your local supervisory authority.                                                   |

### How to Exercise Your Rights

Submit your request to: [info@kainook.com](mailto:info@kainook.com)

Or through the Privacy Settings section of your Account.

We will respond within 30 days. For complex requests, we may extend this by a further 60 days and will notify you accordingly.

We do not charge a fee for requests, unless they are manifestly unfounded or excessive.

We may need to verify your identity before processing your request.

| Channel                                  | How to Use                                                                                                                                                                                                                                                 |
|------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Directly from your account</b>        | Most personal data (name, email, notification preferences, saved searches, wishlist) can be viewed, updated, or deleted directly from Account Settings in the app or website.                                                                              |
| <b>In-app Privacy Settings</b>           | Access Privacy Settings from your Account menu to manage marketing consent, cookie preferences, and request a copy of your personal data.                                                                                                                  |
| <b>By email</b>                          | Send your request to <a href="mailto:info@kainook.com">info@kainook.com</a> with your registered email address and booking reference (if applicable). Please state your country of residence to help us apply the correct legal framework to your request. |
| <b>For complex or sensitive requests</b> | For erasure of retained records (beyond standard account deletion), portability exports, or objections to specific processing activities, email <a href="mailto:info@kainook.com">info@kainook.com</a> with subject line "Data Rights Request". We will    |

| Channel | How to Use                              |
|---------|-----------------------------------------|
|         | confirm receipt within 5 business days. |

## 10. Cookies & Tracking Technologies

Kainook uses cookies and similar technologies (web beacons, pixels, local storage) to operate, secure, and improve the Platform. Here is what we use and why:

| Cookie Type                    | Purpose                                                                                                 | Can You Opt Out?                    |
|--------------------------------|---------------------------------------------------------------------------------------------------------|-------------------------------------|
| <b>Strictly Necessary</b>      | Session management, authentication, security, booking flow. The Platform cannot function without these. | No — required for the service.      |
| <b>Functional</b>              | Remembering your language, currency, and search preferences.                                            | Yes — via cookie settings.          |
| <b>Analytics</b>               | Understanding how users navigate the Platform to improve it (e.g., Google Analytics, anonymised).       | Yes — via cookie settings.          |
| <b>Performance</b>             | Measuring page load speed and identifying technical issues.                                             | Yes — via cookie settings.          |
| <b>Marketing / Retargeting</b> | Serving relevant travel-related advertising on third-party platforms (only with your consent).          | Yes — withdraw consent at any time. |

You can manage your cookie preferences at any time via the Cookie Settings link in the Platform footer or in your Account settings. Note that disabling certain cookies may affect Platform functionality.

For more information on the cookies used by our third-party analytics and advertising partners, please refer to their respective privacy policies.

## 11. Children's Privacy

The Platform is not intended for children under the age of 18. We do not knowingly collect personal data from anyone under 18. If you believe a child has provided us with personal data without parental consent, please contact us at [info@kainook.com](mailto:info@kainook.com) and we will promptly delete it.

## 12. Data Security

We take the security of your personal data seriously and implement appropriate technical and organisational measures to protect it against unauthorised access, accidental loss, alteration, or disclosure. Our security measures include:

- Encryption of data in transit using TLS (HTTPS) across all Platform connections.
- Encryption of sensitive data at rest (including payment tokens and identity documents).
- Access controls ensuring staff access to personal data is limited to those who need it, governed by the principle of least privilege.
- Regular security audits and vulnerability assessments.
- Payment data handled exclusively by PCI DSS-certified processors (Stripe, Tara) — full card numbers never touch Kainook servers.
- Incident response procedures to detect, report, and remediate data breaches within 72 hours of discovery (as required by GDPR Art. 33).

### In Case of a Data Breach

If we experience a data breach that is likely to result in a risk to your rights and freedoms, we will notify you without undue delay and, where required, report it to the Estonian Data Protection Inspectorate within

72 hours.

While we apply robust security measures, no system is entirely impenetrable. We encourage you to use a strong, unique password for your Kainook account and to contact us immediately at [info@kainook.com](mailto:info@kainook.com) if you suspect any unauthorised access to your account.

## 12.1 How You Can Further Protect Your Data

Although not mandatory, we recommend the following best practices for all Kainook users:

- Use a strong, unique password for your Kainook account and enable two-factor authentication where available.
- Avoid reusing passwords across multiple online services. If another service you use suffers a data breach and you share credentials, your Kainook account may be at risk.
- Log out of your account when using shared or public devices.
- Be alert to phishing attempts — Kainook will never ask you for your password by email or phone, and will never ask you to make a payment outside the Platform.
- Contact [info@kainook.com](mailto:info@kainook.com) immediately if you receive a suspicious communication claiming to be from Kainook, or if you suspect a fraudulent booking request.

## 13. Privacy & Providers

Providers who list on the Platform are independent data controllers for data they collect directly from their guests (e.g., ID documents collected at check-in, direct communications outside the Platform).

Kainook shares Guest booking data with Providers only to the extent necessary to fulfil the booking (see Section 6.1). Providers are contractually required to:

- Process Guest data only for the purpose of delivering the booked service.
- Not use Guest contact data for direct marketing without the Guest's separate consent.
- Comply with applicable data protection law.
- Delete or return Guest data upon request where no longer needed for the service.

If you have a privacy concern about how a Provider has handled your data, please contact us at [info@kainook.com](mailto:info@kainook.com). We will investigate and take appropriate action, including enforcing our Provider terms.

## 14. Third-Party Links & Services

The Platform may contain links to third-party websites, services, or social media platforms. This Privacy Policy does not apply to those third-party services. We encourage you to review the privacy policies of any third-party service you use via links on our Platform.

Where you choose to connect a third-party account (e.g., sign in with Google or Facebook), data shared is governed by that provider's privacy policy and the permissions you grant.

## 15. Accessibility of Privacy Information

Kainook is committed to making our privacy information accessible to all users, including persons with disabilities. Our Privacy Policy is available in a readable digital format on the Platform. If you require this Policy in an alternative format (for example, larger text, or a format compatible with screen readers), please contact us at [info@kainook.com](mailto:info@kainook.com) and we will provide it as promptly as possible.

For questions relating to accessibility of the Platform itself (wheelchair access at properties, accessibility features of car rental vehicles, etc.), please contact the relevant Provider directly, as these are matters within the Provider's sole responsibility.

## 16. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in our practices, technology, legal requirements, or other factors. When we make material changes, we will:

- Post the updated Policy on the Platform with a revised effective date.
- Notify registered users via email or in-app notification at least 14 days before material changes take effect.

Your continued use of the Platform after the effective date of the updated Policy constitutes your acceptance of the changes. If you do not agree to the updated Policy, you must stop using the Platform and may request deletion of your account.

## 17. Account Deletion Policy

You have the right to delete your Kainook account at any time. This section explains how account deletion works, what happens to your data, and what we are required to retain.

### 17.1 How to Request Account Deletion

You can delete your account through either of the following methods:

- In-App: Go to Account Settings → Privacy → Delete My Account.
- By Email: Send a written deletion request to [info@kainook.com](mailto:info@kainook.com) from the email address registered to your account, including your full name and booking reference (if applicable) to confirm your identity.

#### Processing Time

Account deletion requests are processed within 30 days of receipt and identity verification.

You will receive a confirmation email once your account has been permanently deleted.

Deletion is irreversible. Once confirmed, your account, profile, and associated personal data cannot be restored.

### 17.2 What Happens When You Delete Your Account

Upon confirmed deletion, Kainook will:

- Permanently remove your profile, display name, profile photo, and saved preferences.
- Delete your search history, saved listings, and wishlist.
- Remove your personal contact details from our active user database.
- Unsubscribe you from all marketing communications.
- Anonymise or delete your reviews, unless retention is required for platform integrity (see 17.3).
- Revoke your AfriPoints balance — any unredeemed points will be forfeited upon account deletion and cannot be recovered.

### 17.3 Data We Are Required to Retain After Deletion

Account deletion does not result in the immediate erasure of all data. Certain information must be retained to comply with legal obligations, resolve disputes, and protect the integrity of the Platform:

| Data Category                 | Retention Period & Reason                                                                                     |
|-------------------------------|---------------------------------------------------------------------------------------------------------------|
| Transaction & booking records | 7 years from the date of transaction — required under Estonian accounting law and applicable tax regulations. |
| Payment records               | As required by payment processor regulations and financial                                                    |

| Data Category                        | Retention Period & Reason                                                                                                                                   |
|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                      | compliance obligations.                                                                                                                                     |
| <b>Reviews and ratings submitted</b> | Retained in anonymised form to preserve the accuracy of Provider ratings and Platform integrity. Your name is removed; the review content and score remain. |
| <b>Fraud and security logs</b>       | Up to 5 years — to prevent the creation of new fraudulent accounts and detect repeat offenders.                                                             |
| <b>Legal hold data</b>               | For the duration of any pending legal proceeding, regulatory investigation, or unresolved dispute involving your account.                                   |
| <b>Dispute records</b>               | 3 years from the date of the last dispute — necessary to evidence resolution outcomes and protect both parties.                                             |
| <b>Consent and opt-in records</b>    | 3 years after consent withdrawal — required to demonstrate lawful processing during the period consent was active.                                          |

### Important — Pending Bookings

You cannot delete your account if you have active or upcoming bookings. You must first cancel all pending reservations (subject to applicable cancellation policies) before your deletion request can be processed.

If you are a Provider, you must also ensure all active listings are deactivated and all pending Guest bookings are fulfilled or cancelled before your account can be deleted.

## 17.4 Provider Account Deletion

Providers requesting account deletion must:

- Deactivate all active listings on the Platform prior to submitting a deletion request.
- Honour or cancel all confirmed Guest bookings in accordance with applicable cancellation policies.
- Ensure all outstanding payouts have been received or reconciled.

Kainook may delay processing a Provider deletion request until all outstanding obligations to Guests have been satisfied. Kainook reserves the right to retain Provider listing data in anonymised form for historical platform records.

## 17.5 Right to Erasure vs. Account Deletion

Account deletion and the right to erasure ("right to be forgotten" under GDPR Art. 17) are related but distinct:

- Account deletion removes your active profile and stops ongoing processing of your personal data.
- The right to erasure may additionally require deletion of retained records, subject to legal exceptions (see Section 9 and 17.3 above).

If you wish to exercise your right to erasure beyond standard account deletion — for example, requesting deletion of retained transaction records — please submit a separate written request to [info@kainook.com](mailto:info@kainook.com). We will assess each request individually and notify you of the outcome within 30 days.

## 18. Contact & Supervisory Authority

## Contact Us

Data Protection Enquiries: [info@kainook.com](mailto:info@kainook.com)  
General Support: [support@kainook.com](mailto:support@kainook.com)  
Kainook Travel OÜ — Tallinn, Estonia  
[www.kainook.com](http://www.kainook.com)

## Supervisory Authority

If you are located in the EEA and are unsatisfied with our response to a data protection concern, you have the right to lodge a complaint with the competent supervisory authority:

Estonian Data Protection Inspectorate (Andmekaitse Inspektsioon)  
Website: [www.aki.ee](http://www.aki.ee)  
Email: [info@aki.ee](mailto:info@aki.ee)  
Address: Tatari 39, 10134 Tallinn, Estonia

Users outside the EEA may also have rights under their local data protection legislation. We are committed to addressing all privacy concerns regardless of jurisdiction.
